

# ***Innovative Technologies for Sustainable Forestry and Forest Management***

*James M Roshetko, ICRAF - FTA*

## **Innovative Technologies for Sustainable Forestry and Forest Management in Asia and the Pacific**

**Online workshop – 30 November, 1 December, & 3 December 2020**

**Day 3 – 3 December**

# ***Session 5.***

## ***Recommendations***

# Breakout Groups for Session 5

## *Break groups on 'Recommendations'*

### Group A

- Recommendations directed to public actors
- Recommendations directed to private actors

### Group B

- Recommendations directed to civil society and local communities
- Recommendations directed to the research sectors

*As appropriate, each group should consider recommendations at three different scales: local, national, and regional/international*

# Breakout Groups for Session 5

## Guiding Question:

How to best enhance the adoption of innovative technologies in the forest sector?

Each group will be provided with a set of '*draft recommendations*' compiled from the discussions over Day 1 and Day 2.

- Drafts are not an exhaustive list
- Drafts are 'input' to be considered by the group
- The *draft recommendations* can be ***accepted, revised or superseded*** by other recommendation the group feels is more important

# Breakout Groups for Session 5

## Expected Output

*3-5 recommendations per 'stakeholder group' regarding how to enhance the adoption of innovative technologies in the forest sector*

- Chairperson has been identified
- Two rapporteurs per group (assigned)
- 300-word summary of the Breakout Session
- 1-2 pages summary report addressing the 'expected output'

**Thank you !!**

# Thank you!
